

Welcome to seminar:

Opportunities and Challenges of LCA – from footprinting to sustainability assessment

Monday 14 Oct, 9:00-11:00

University of Helsinki, Viikki-Campus
C-Building, lecture hall K110 (ground floor)
Street address: Latokartanonkaari 5

Registration:

<https://elomake.helsinki.fi/lomakkeet/130827/lomake.html>

9:00-9:15 Coffee

9:15-9:20 Opening by chair

Program director Juha Helenius, FOOD Research Program & University of Helsinki

9:20-9:50 Keynote: *Opportunities and Challenges of LCA – from footprinting to sustainability assessment*

Professor Matthias Finkbeiner (TU-Berlin):

9:50-10:05 The role of the LCA approach in the revision of the national survival doctrine

Professor (emer.) Sirpa Kurppa (LUKE)

10:05-10:20 Land use and land use change (LULUC) in LCA of food

Research Professor Ilkka Leinonen, LUKE

10:20-10:35 Recent developments in the front of including nutrition to assessing climate and biodiversity impacts at diet level

Research manager, Senior scientists Merja Saarinen (LUKE)

10:35-10:50 Novel Sustainable Food Profiling Model to evaluate the absolute environmental sustainability of foods while considering nutritional quality

Research scientist, PostDoc Venla Kyttä (LUKE)

10:50-11:00 Discussion and closing.

The seminar is organized by the Strategic Research Finland programme [Towards a Sustainable, Healthy and Climate-Neutral Food System \(FOOD\)](#).
